Hydroponic Tray Advantages

- Various sizes are available, and support customization
- The special rib design makes hydroponic tray load better and stronger

- Virgin HIPS and ABS plastic material, more durable than trays made from recycled material
- Multiple drainage positions provides more setting choice
- Rounded corners and smooth inner wall, easy to flow and clean

Hydroponic Tray Manufacturing

Hydroponic trays are manufactured from Thermoplastic ABS or HIPS sheet, by vacuum forming processing.

From 3D drawing design, Mold carving, Plastic sheet extrusion, Vacuum Forming, Trimming, Drilling, to Packing, all processes are produced in our own factory. So, we are price terminator (the most competitive price in China).
