Hydroponic Reservoir Advantages

- Virgin ABS plastic material, more durable than trays made from recycled material
- Stable and non-leaching
- Chemical and heat resistant
- 100% recyclable
- Stable through a broad range of temperatures with increased strength, rigidity, and chemical resistance

Hydroponic Reservoir Manufacturing

Hydroponic reservoirs are manufactured from Virgin Thermoplastic ABS sheet, by vacuum forming processing.

From 3D drawing design, Mold carving, Plastic sheet extrusion, Vacuum Forming, Trimming, Drilling, to Packing, all processes are produced in our own factory. So, we are price terminator (the most competitive price in China).
